Yeah. The C&C series, on top of being one of the first RTS's (And probably the most awesome), also has had alot of GREAT music, thanks to Frank Klepacki.

So I ask you, what's some of your favorite tracks to listen to? If not just because it's awesome, then because it's awesome to listen to while annihilating a GDI/Nod/Allied/Soviet/Yuri base.

I'd have to go with "Prepare for Battle" from TD, or maybe TS's Pharotek. Both of them were just plain awesome tracks.
