R315r4z0r wrote on Wed, 12 March 2008 21:00l also disagree with that "Wii is for kids" bit.

It is not.. and I don't see why people think it is. It has the exact same look and feel of every other Nintendo console. The only difference is that it is "family oriented"

With that in mind, yes it will get non gamers to play games, however who gives them the incentive to play said games?

Their kids do...

Thanks for proving my point. ^\_^
