Oh Mr. Smart guy why don't you go buy me a new sarcasm detector?

EDIT:

And it's funny how you think "no one frigging cares" and yet like to refer to "RenegAIDS" as a "problem" and that I am not part of the solution. LOL? Keep talking since it makes you more satisfied.

And FYI, you are not doing anyone any favors by being a self-righteous angel as you pretend to be...because frankly, "no one cares."

Like I said. You are constant amusement.
