You invited me to join c4u. If it's passworded then ofcourse I will need a password.

First you tried to convince me that there is no such thing as "host advantage" lol.

On rush maps maybe. But not on tankmaps like field. 1v1's prove how well you can handle tanks and respond to the different situations that can occur. Eventhough the possibilities of doing tactics, and whatnot. Decrease.

I have yet to find someone who sucks at 1v1's and can manage perfect in a teamgame. Where is vica versa. He will do good in both situations.
