O_O

We're making a "server-side" modification, I can't add in all that. :S

I'll consider the Obelisk but we'll probably stick with what we've got. Perhaps a good "map" idea for the Reborn maps R315r4z0r and I are making, but not a server-side modification.

Madrockz, I realize not everyone has excellent computers, mine would be one of them. So I'm making sure that we don't overdo it and that we keep things less stressful as possible.
