Muad Dib15 wrote on Thu, 03 April 2008 17:50maybe, but you don't see the enviromentalists going over to China and telling them to clean up their air. No, its only the US. Another reason why George Bush decided not to sign the Kyoto treaty. We would have to foot the bill for the next 25 years even though China is the one putting 50% of the toxins in the air. ./ it makes no sense what so ever.

Well said. The US alone doing this will come to nothing when there are three other giant nations spewing out filthy air.
