After learning the basics at school, it's not a must to study further. Some people do have their weaknesses in learning foreign languages and others don't. That's life, face it.

On the other side: Of course there is too much 1337 in Mad's posts I agree. But what about helping him to get it better (if he wants to) instead of bashing on him all the time? He is active in multiple English forums, that's pretty much enough to learn English actually.

but seriously, I don't even care for his English. What's pissing me off is his constant 1337 talking, his lack of humour and his attitude.
