DAMAGED;VEHICLE;1500071644;CnC_Nod_Harvester;-9;64;1;-95;1500059101;CnC_Sydney_PowerSuit_ALT2;-8;95;9;178;80.000000;580;540;4251

harvester = Y -9 X 64 Z 1 F -95
stoner = y -8 x 95 Z 9 F 178

Resulting in the following image:

I have a other result image (using level edit)

On my image, the harvester is going out of the nod base.
