you map wont down load i think its defective i think you should give more then on source to downlaod your map like this

down load my new DM map at
http://galileo.spaceports.com/~tibevo/C&C_RAMap.zip
or
http://susr.sdsites.net/downloads/C&C_RAMap.zip
get it now!

most likely becuse
<http://susr.sdsites.net/> was deleted so try some more link for your map
