KingZeus!

I was hoping to dig up some of the SS folks!

Would love to have you and your people involved in Army of Earth, if you have any time and inclination. The game is in the very early Beta stages but I expect to put out a new version in the next 24 hours. 0.517 will be a good improvement on the first Beta release - with great help from the existing testers, a bunch of whom came from this forum.

I'll follow up when 0.517 is out.

Cheers!

LM / CodeMonkey / Tom
