For me? Old cars.

I can't wait to get my pushrods for my new motor in. The last part I need. Once they get in I can torque down my motor and bolt it into my nova.

HP? 450 - 500hp. All new 383 stroker, aluminum heads, race cam, etc. Only used part on it is the block which has been machined, cleaned and thoroughly checked. Oh ya, its going into my daily driver! Should compilment my drag racing transmission pretty good.
