I gotta say, the first time he got rank 1 he was not a TOTAL point whore. We would talkin PM a lot....then I camped an MRLS on Walls Flying from inside the GDI base (hay every man for himself) and he starts PMing me all this shit like "you noob" "you have lost all my respect" and then the next day, whod I see in a 56 player server doing what? Dildodine camping an MRLS. Coulda sworn Ive seen him B2B a few times but I cant be too sure. He got really shitty.
