In my experience, a Girl who posts pictures of themselves on a gaming forum is either:

- A) An attention-whore.
- B) A dude who gets of on cybering with guys who think he is a chick.

This has been a public service announcement

rrutk wrote on Sun, 04 May 2008 05:44I can confirm that xxlenore1 is what she says to be

She is my girlfriend, hehe *g*

And her account and post are from your IP address. I detect the "post a pic of a chick and claim its your GF" scam
