Ok crimmy, Ill help you.

Both teams are the Cops and the Robbers. You run around shooting people, with, infantry only. If you are shot, but not killed, you *may* Crouch and throw your Timed C4 to "Give Up" or "Surrender".

When you Surrender, you follow the person who shot you and you surrendered to (without having a weapon drawn or they will kill you). If the enemy is GDI, they will lead you to Jail, which is the Barracks. If the enemy is Nod, they will lead you to the Airstrip, which is their jail.

In jail, you may not leave unles your allie comes to "save" you. basically they come in and shoot stuff, and you help them.

If you are fighting, and soemone surrenders, you *cant* kill them, or else they go cry to the host who boots you.

So basically, its Infantry only with a little tiwst.

And yes, as Dante said, the rules are often changed by noob hosts who suck.
