Mod: Spotelmo

here's what happened
my orca got stolen by a sbh coz i got out to get a hotwire
So Spotelmo saw that and n00bed me for that.

So i n00bed him back for n00bing me.

Come on man i was just pissed off.
Its just a game + we won that game so the stolen orca didn't make any difference.

plzzzzzz enable me again. I can't play like this
ill even make you a peanut butter and jelly sandwich
