Then he lies about me begging for an undo of the DQ in private (so that noone can post the pm proof because I am suspended), whereas I have proof.

He doesn't want it, and thinks he has won it lol. No matter what you think Spoony, the majority knows the truth and disagrees with your biased actions.

Now don't go sperm all over this post with your stupid arguments like 'UR CLEARLY MAD AND THEREFORE NEED A BREAK + U BEG FOR UNDO'. Just don't bother spoony, no matter how hard you try to, only people that hate me will agree with your statements. People who actually are neutral or have been with me on TS know the truth and know that I am not angry at all over the decision.

The fact you simply cannot bring yourself to stop crying over a completely justified DQ (even in threads which have nothing whatsoever to do with them and on a forum where nobody's even mentioned it) is a testament to how truly angry you are. Furthermore, the fact you need to keep lying about the entire situation to try to influence others' opinion shows just how feeble your case is and always has been.

Get over it tbh... seriously, it's plain to see you're in desperate need of something to take your mind off this. Ironically I was thinking of unbanning you today, but since you're clearly still in a furious rage and you're never, EVER going to get over your anger at a completely legitimate decision, I guess I shouldn't.
