Surth wrote on Wed, 14 May 2008 07:15see above... the idea behind a debate is you pay attention to what the other person is saying before responding to it, at least that's the general gist in my understanding

That's rather rich considering the fact you were wrong over and over and over again in the thread following the suspension, wouldn't you say? Remember? The thread where you kept using straw-man arguments and lying about the whole situation, like TD's done here? Bearing that in mind, it's no wonder you're sticking together.
