Anyway, theres a problem with this poll, 99% of the people that even voted yes aren't even half decent and have no idea what they are doing (pub players) and I don't count that as "playing" but, k.
LOL, faggot.

Imfaooo, aren't you the guy whose like 25 and still live in your parents basement and active on a forum for a game you dont even play? LOL, ok cool guy.
Oh, I was just waiting for you to bring that up. Why does it matter if I still live with my parents? I'm only 22, so living with my parents wouldn't be bad... if I was living with my parents. However, since that's not the case, you can just drop that bullshit insult of yours.

Again, just because you stop playing a game doesn't mean you have to stop being a part of the community. No longer associating yourself with people simply because you stop playing a fucking game is awfully stupid.
