TD's proving how dishonest he is yet again.

TD wrote@Cabal, that 'proving Spooky wrong' thing -> He locks topics most of the time when someone makes a good point.

You're presumably talking about the ONE thread I locked, in which Surth was wrong over and over and over again, demonstrably so?

This implies that it was locked "because" (not when) someone makes a good point, because I couldn't think of an answer but didn't want to admit I was wrong, etc. Go check the thread again. I did answer everything Surth said, and he was downright wrong about most of it.

TD wrote(also lying about what I supposedly did)

Sorry, but just because you've been caught lying over and over and over again doesn't mean I did too.

TD wroteHe also debates ABOUT me while I am suspended by him, so I couldn't post proof nor talk back.

Again, this is misleading. Surth (and simpee) started asking why you were suspended, so I answered. Quite simple really

TD wroteIf anyone else posted THAT proof for me, they'd get suspended as well for TALKING for me.

You mean to say "if someone posted on my behalf, they'd be suspended because it's a clear violation of forum rules, rules which you yourself have broken". That's the truth of it; you're just wrapping it up in conspiracy-theorist just-because-you-can't-handle-the-truth nonsense.

Cabal8616 wrote on Sat, 17 May 2008 08:40I lol'd heartily, because you're proving TD's point further. You suddenly know which parts I was talking about, eh? Guess your telepathy knows no bounds. Oh wait, that's not telepathy! That's just you pretending to understand everyone. sigh... like talking to an idiot.

I pointed out the fact you clearly haven't read and understood the thread. You then ADMIT IT. This isn't telepathy, this isn't "spooky pretending to understand everyone", it's me making an educated guess based on the stupidity of your statement, BEING RIGHT, and you being pissed off at that for some reason.

Cabal8616 wrote on Sat, 17 May 2008 08:40I lol'd quite a bit. Once again, you're a telepath, aren'tya? Wait, nope, just a hypocrite. This one pretty much speaks for itself.

You're right about one part - it does speak for itself. see above, re: educated guess and you being angry at the fact it was correct

Cabal8616 wrote on Sat, 17 May 2008 08:40Yes, I do. Obviously I was using it as an example of the many things you repeat that no one really cares about because it's the internet, proving once again, you're a hypocrite.

How am I a hypocrite for saying someone keeps using straw-man arguments when they are, in fact, using straw-man arguments? I think you're so desperately trying to flame me that you've lost your ability to think in a straight line.

Cabal8616 wrote on Sat, 17 May 2008 08:40I always lol @ you going "SEE?! HE COULDN'T REFUTE EVERYTHING I SAID BUT I REFUTED EVERYTHING THEY SAID SO I WIN". That's basically the basis of every single argument you make, which is quite lulzy to be honest. Yet it's an absolutely 100% accurate summation of this thread. Had you done something as radical and mouldbreaking as, oh I dunno, reading the whole thing, you'd have realised that.

Cabal8616 wrote on Sat, 17 May 2008 08:40Especially when they, y'know, prove you wrong on shit and whatnot. But hey, let's ignore that
Ignore what? When did this happen? TD has dodged the fact he's been proven wrong over and over and over again. He's dodged the fact he's been caught lying over and over and over again. You yourself have ignored it too, so you're the hypocrite here, not me.

Cabal8616 wrote on Sat, 17 May 2008 08:40and continue to be an arrogant asshole with a stick up their ass.

OK. When someone like TD tries as phenomenally hard to start rene drama as he's done here, on three different forums AND a community match, all out of anger at a tournament disqualification (yes TD, I said the word "anger", and that's your cue to make another fifty uberdefensive posts trying to prove otherwise, so please don't disappoint), then yes, I probably am going to point out why they're an idiot. What you fail to realise is doing so ^^ doesn't make me "arrogant", nor an "asshole", nor does it prove anything about me at all.
