The entire environment is either snow or dirt so it'd look a lot more true to TS if the vehicles weren't so fresh out of the factory, regardless of whether or not they are.

Otherwise, I like it.

not my best skill (sand and dirt) but if you want to give a try or tell me how you see it and do it. Just do.

Anyway I will sure get into that after the release. I have other stuff to do first. But yeah, I need to find a way to add dirt.
