/me is too interested in who personally hates him.  
Same ip as this guy. Maybe you know him?

HAHAHAHA TZAR MIND! I remember that dude from ages ago. I recognize him from his long-standing avatar.

Message to Tzar Mind/any accomplices: You are a coward for posting insults from a new account.

Thanks Gozy.

EDIT: This dude has changed his nick several times...when I came here it was TzarMind and then he changed to Hogosphere in 2.0 or some shit like that. Now it's Ron Paul + new cowardly account to bash others in elitist fashion. What the fuck else does he expect from a video game forum with lots of young folk? Obedience, servitude and zombie-like discipline? I won't be surprised. If he wants change, then this forum would have to ban most of its users so only the quiet little mice remain. Then I guess all the "problems" would disappear + death of the community.
