KIRBY-098 wrote on Tue, 17 June 2008 01:52The other day: I was in Kamuix teamed DM owning and this guy is whining about what a hacker I am and does a vote to reset the map.

It passes of course because there are three GDI, to our two Nod despite us winning.

The next map up is hourglass and it's currently so broken that all you do is fall through the floor in an endless cycle.

Way to go whiners!

If that qualifies as a funny Renegade Moment, I guess everyone's had their fair share of it.
