danpaul88 wrote on Fri, 20 June 2008 19:27No, most users don't need it, so it's not included. It was mainly intended for total conversion mods.

If you want to use it, just create a blank file by that name and add any of the settings you need to it.
The reason I wanted the file was so I could learn how it was scripted before finally doing it myself.
I'll just have to use the reference from other mods.
Thanks anyway
