Can you please place known cheaters names and IP's in the new scripts that will stop them using the new patch and thus telling them to fuck off?

Maybe give them a last chance so when they would hack after the patch is released, then they could be added there. But it should be a fair ban cuz i got banned once for using the ultimate weapon that comes with hot wire on the Crazy CTF server, that is just not fair. But atleast they unbanned me now
