The maps I have in mind to make so far are as follows.

Outside (Grassy environments, sand boxes, etc.)

House (Bedroom, Kitchen, Bathroom, Refrigerators, living room, etc.)

Pretty much everywhere a child plays with toy Armymen at, it will be on this mod.

Hope this information helped.

N1warhead.

P.S. - We are always open for considerations for new types of environments if it don't effect the general area of gameplay, (E.G. - REAL WORLD PLACES, THINGS, ETC.)
