cnc95fan wrote on Fri, 04 July 2008 07:25IMO, there should be a server hosted which allows cheating. How many of the people who get caught cheating, were only "trying it out"? On top of that it allows regular cheaters to play somewhere.

Thoughts?

Hah, that would probably be the dumbest idea possible. If you think that once they have an established place to do it that they're going to limit themselves to that server, you must be smoking something.

The whole joy of cheating is to have power over others, and if everyone's doing it it's probably no fun.
