cnc95fan wrote on Fri, 04 July 2008 18:14 It is obviously that failmod himself and cjpok are trying to make.

Well, cjpok is banned, cuz i told him to not use models from other mods on his coop mod and he didnt listen to me. And he was fighting with me, cuz he wanted to include models from that rts game. Well, it is not a failmod, the models look better than BFD models. Well, i have to see, i'm waiting for BFD update to come out
