{SB}Lone0001 wrote on Tue, 08 July 2008 23:16Yea you should be alright setting it to 1000x768 I have a crappy intel graphics card and use that res lol.

EDIT: Ram and Processor?

Ok, Ive got an AMD 3200+ processer and oly 384MB of RAM since 128MB are reserved for the on board graphic chip.
