I have some requests considering my Skirmish Revamped project.

I wanted to ask if you could take a look at the following things which have also been listed here:
<http://www.renegadeforums.com/index.php?t=msg&th=29334&start=0&rid=20791>

Engineers/Hotwires/Technicians repairing buildings

Vehicles/infantry attacking enemy buildings

Vehicles/infantry not spotting stealth units until revealed or at a range of 30 feet.

Bots picking up crates (and getting the effects)

Bots picking up weapons.

Bots changing weapons (ramjet for light infantry, railgun for vehicles etc..).

Bots placing/disarming/defending beacons.

Bots refilling!!!

Please take a look at this and discuss if it would be possible.
