u6795 wrote on Tue, 15 July 2008 14:40 That's what everybody asked of you in the first place, and you're contradicting it by posting another thread.

Whatever. We don't want you to stop posting or anything, it's just the first couple days you were here you made like 1000 threads about stuff that about everybody knows.

I was making a lot of threads because it was the first time I ever joined a forum and I was so excited! By the way, if the things I post everybody knows, then what should I post? (later on I mean)
