Do you want me to dig up the logs from IRC where you disobeyed us, abused that glitch, came in as ferkhat after being banned and then as a shit ton of other nicknames, thinking that you were getting the Admins banned every time we kicked your ass out of there?

It'll take me about a day to compile everything, but it's there.

Just remember why you're banned. I gave you a second chance (against the advisory of every other Admin) because I'm an awesome guy (and our bans were broken, but it's fixed now) and you completely failed. Enjoy ban land.
