The mod is already being made, why are you trying to copy me?

Edit: I have sent apoc an email already to get a permission.

Quote:Hey APOC,

My name is Ferkhat Shublazde and i want to make a mod that converts C&C 3 Kanes Wrath into C&C Renegade, named: Command and Conquer Tiberian Wrath.

I started the mod this may, and i have some stuff already done. I want your permission to make the mod stand alone.

You might want to see the updates and pictures here www.tiberianwrath.st.gs . We have a little team, but we are growing every day. The next update will be soon, so, i wanted to ask your for permission, and tell me what you thing about the mod, thanks!

Note: We dont have the Moddb page and we are making new forums, i will tell you when the new website is gonna be up.

And the next update of my mod is gonna be up in 1-2 weeks,
