If you near a junky (guys who takes drugs) BEAT HIS FUCKING ASS DOWN or run fast as you can! today i was drunk with my friends and 1 guy was on drugs and drunk also (normally hes a very very great guy), he asked everyone "do you like me" and everyone said yes. So i still drunk some beer etc. later he asked a guy "do you like me" and he said ermm yes why are you ask us? then the junky said SO YOU DONT LIKE ME RIGHT? the victim said no i really like you...

sooo the junky took a broken bottle and baeted the victim (my friend) on his head, after the bottle totally broke he unpacked his knife (15 cm) and attacked my friend 6 times just on head... my other friends where full of blood without touching him WTF. Then the junky runs away... ME AND MY FRIENDS COULDNT HELP HIM! we didnt had any weapons! So one note RUN OR BEAT HIS ASS DOWN!

I just came home 3 minutes ago... it happend 1 hours ago...
