Somehow the color posting thing migrated to these forums.. and I've been doing it ever since.

..it makes it easier to find posts that I make when quickly scrolling through a topic. My sig also helps too because it, too, is big and red.

I picked up that idea here as well. But I started posting in pink to imitate the Great Cabal816 in his GIANT ASS PINK POSTING STYLE. Obviously, I can't post in caps, bold, and size 25 all the time, so I just decided to post in pink. I decided to post in pink about July 18, then anant started posting in green here, and I figured, "wth, I'll post in pink here."
