That is why BfD is a fail.

Jesus christ you are such a fag. Your shitty cnc3 mod won't get anywhere with a fag leader like you. you would probably cheat in it if it got anywhere anyway, it won't go beyond the stage of texturing because you havn't a fucking clue how to do anything.

You say that because ur jealous that Tiberian Wrath is better than BfDuuh. BfD fails. I'm really sad that that idea got taked by a n00b like cnc95fan

Now shut up. Your a fag. I dont want to ruin my friends topic. Come to america and say the thing you want to say IN MY FACE!
