He was banned for a long time for breaking the forum rules plain and simply. He got a 2nd chance because he showed he was willing to work at that.

He knows that he's very close to a 2nd ban. I warned him in PM now for a couple of things that were border line.

I don't think he's of bad will. I'm afraid he's just immature. But if we were to ban all immature members of reneforums, there wouldn't be that many left here, would there?

You aren't banned for cheating on this forum, but you give away your ip by coming here and if server owners ask for it, we will provide them with all info we can get about cheaters.

That's my POV on this matter.
He put you on his ignore list...
