topcap wrote on Mon, 28 July 2008 09:09 Why is it that most people just ignore other players on renegade

Everyone is attacking the enemy base and while they are doing that a great big stank rush comes along and destroys the base in the meantime i am shouting defend the base nearly 10 times and not one person comes back????

Public players and servers suck a\$\$...

EDIT: Except some servers like KOSs2 AOW...you will enjoy there.
