nikki6ixx wrote on Tue, 29 July 2008 13:49 I have a Samsung 21.6" widescreen, and I absolutely love it. If you love to watch DVD's, and high-definition material on your computer, you'd do well do get a widescreen monitor.

Thats beautiful and you remind me! Yes, I watch Formula One racing and one of my friends in the UK...lives in Bolton he send me the British video...good! Great!!!

I already decided I am getting a widescreen...will cost me more but I think will be a good investment. TY nikki.
