Cya all. Hope you wil have fun here with out me.

ROFL ZOOR, i will miss you guys.

Nice one! I can't stand you. You're the online equivilant to anal blisters; itchy and just plain nasty, you want to scratch them to relieve agony, but that will only make it worse.

But tbh we all know you'll be back with another account pretty soon, if not already. And please, stay out of the mod forum, we don't want you there either.
