Remember

- 1) This is a cheat - do not use it online
- 2) If you know a way to bypass the anti-objects.ddb WOL protection, do not post it here
- 3) I am not responsible for the use of this file
- 4) The file may be removed at the discretion of the Renegade Forums administrators, moderators, on request or by me.
- 5) Most servers have extras disabled and this cheat is extremely obvious.

The file is a self-extractor. Logan is listed under the GDI infantry extras PT option.

FILE REMOVED Do not PM me or ask me for the file.
