It only takes 8 Seconds to disarm a nuke with a hotw...so if you ahd a leag and se the Hotw, say 3 Seconds later as in 'realtime' needs 2 Seconds to aim, mabey hotwire moves and it takes you 3 Seconds to aim, and the Hotw is disarming (because of High range repairgun) 2 Seconds while moving to the becon....that are alreday 8 Seconds, jsut 8 Seconds that are needed to detroy your plan, do nuke wepfac. (btw, I'am on 56 k so it happens often to me)
