For GDI Harvester.

Possible to play with it online.

Just learned how to animate screens, so decided to put some kind of TV on the back of the harvester ^ So you harvywalkers out here are lucky!

I also gave the harvester some nice wheels and on some parts nice reflection!

Here a video to show off. (goes slow tho) its a youtubelink. The pictures i have used for the screen contains nude carmen electra images, so only 16+ are allowed to watch i would say ^^ ->
