2)also the last missions take place AFTER CNC3 is over?

3)another thing is why does kane army always seem to fall then he always builds it up again why dont he just kill gdi already

1, AI i think

2, yes

3, cus he like's to play with his prey i guess

just hope they make a tib4 or at least finish the story line if they ever plan om stopping the games of command and & conquer on being made
