If Chechnya was allowed by Russia to become a sovereign nation, then it would have become a HIVE of Islamic terrorists and a base of operations for future Jihad terrorist operations.

So Russia was correct to take action against the Chechen rebels and put them out of their sick DAMNED God-forsaken misery.

So, in your mind, all Muslims are terrorists? Wow, racist much? I'm sorry, but many of my friends are muslims, and they are good people, it's just a small minority that's making muslims look bad. sadukar09 wrote on Sat, 09 August 2008 08:54South Ossetia is Georgian territory,

NO.

South Ossetia is an independent breakaway region within Georgia. Georgia has no rights over SO as they signed a treaty in 1992 that allows SO to function independently.

So since it is a breakway region with a secessionist boundary with Georgia WITHIN Georgia, the Russian Federation has gleefully provided economic and military aid. South Ossetians are considered "citizens of Russia" by Moscow.

Hey, let the U.S. provide funds and Stinger missiles to the Chechen rebels.

With this situation at hand, the foolish Georgians and their STUPID president Saakashvili invaded South Ossetia to "restore constitutional order"...in essence, take over South Ossetia. And now they are getting owned bad as they deserve.

Hey, let Russia take over all the former USSR countries, since some of them are "breakaway" countries.

What is even more pathetic for Georgia is that they don't stand a chance to win. Their foolish president Saakashvili has come on TV LYING that Russia is making a full-scale invasion of Georgia! LIAR...Moscow has repeated that the goal of the Russian military operation is to RESTORE the South Ossetian border the Georgians came hoping over.

I'm sorry, but shooting civilians and blowing them up with artilleries don't help your "Peacekeeping" theory.

Saakashvili thought that being a pro-Western guy will automatically grant him military support from NATO countries! haha...NOBODY in Europe wants to get dirty with Russia. Only the US is influential and big enough to help Georgia and even then, still cannot provide any military support.

Russia's armed forces' morale is so low, and with many budget cut, most of their equipment won't work, in a conventional war, even Germany can win.

sadukar09 wrote on Sat, 09 August 2008 08:54 would you, if you are a head of state, let a militant group separate from your country?

Your statement is completely irrelevant as that is not the case.

Completely relevant, same situation was faced by Georgian and Russian Presidents.  
EDIT: typo

If you like Russia so much, go live in it.
