Roleplay 2, version 1.3... Think about it.

nope i dont get it

Its not funny!

You have also Battlefield 2 v1.52 (dont know which Version is out yet). And Roleplay 2 is the title and RC 1.X is the Release Candidate Number (sumthing like a Version Number)

Oh, that makes sense. Honestly, I'm thinking the release titles (release candidate, final release, beta, prototype) are all stupid. It should be just as simple as 2.3, or 2.0.3.

Also, shouldn't it be RC 3, instead of RC 1.3?

so you can make up any number you want...o well
