Halo38Sk8rRIMukTiberios hmmtttt ACK is right u know...

I certainly don't play the game JUST to look for fun ol' tiberios boxes.

Ofcourse this is a true statement he's just try to stir up some trouble.

No one is argueing with that, I dout any one making a map with a single untextured plane with a tiberios box in the middle would say it is good.

He was just making a comment for the sake of it :rolleyes:

I should know how ACK acts by now.

Maybe not a blank plane with a tiberios box in the center but....

I would love to see a tiberios factory map that was a good idea.
