p.s: pawkyfox dont go acting like you own renforums

Err...the poll is over and the person got banned. Now you want him unbanned for a week so you can say your verbal abuses to him and finish "unfinished business"???

wow...I don't know who thinks they own Renforums.

Um, no? I had no large arguments with troopr02 other than him getting pissed off at me in one game for not repairing his whatever and which he then spammed me with 1v1????! for the rest of the game, and the suggestion was a joke in the first place.

A tip would be not to take things so serious over the internet, especially on an internet gaming forum. As for the comment, I said it because you demanded a thread which you didn't make, or have any input in to it at all, be locked, even though there was still a discussion going on afterwards, which furthers my theory that you want nothing more on these forums to be a mod. In fact instead of unbanning troop, this thread should be stickied so that this day will be remembered forever.
