I agree, havoc is awesome in that suit. You should make one for sukura, if I remember, she was a dead six b4 2. I forgot, but you should release the hole dead six thing, with re-skins for all dead six. Make them look like the picture:

That would be nice. But still, you have the best havoc skin I ever seen.

=Samous

Look out for my new nic coming soon, WNxC-130
