Dont matter if its note pad or word pad or Microsoft word or any thing that you can type on, have you guys ever had that weird thing where you have something typed then you go back to lets say fix a spot but then all it does is erase everything in front of it whole your typing something to fix it? am i making my self clear kind alike this

Testing text:

this iis a testpaper

then when i go back to fix it rather typing or spaces it erase everything in front go it

error:
this ii a test aper
