Depends on what I'm in the mood for. There's not too many "fan maps" are that great for actually playing a normal AOW with. The Westwood made maps that were converted to playable maps are fun (Snow, Bunkers, etc), though, and aren't terribly unbalanced.

But, in general, here's some of my favorites, in no particularly ranked order. And, screw 10.

MedicalLevel

Ancients

Flight_Deck

Airbase

Snow

Halloween_Fog (Fog makes it more halloween-y)

Haunted

HauntedHouse_DM

Haunted2

Last_Stand

Lightwave

Lightwave2

Rome

Arid

And of course, rp2, even though it's a mod.
